CHEMICAL
CORPORATION**

Chemistry in Trusted **Hands**

Overview

Indo-Gulf Chemical Corporation (IGCC) has been a leading manufacturer cum exporter of a wide range of Fine & Specialty Chemicals since 1959.

Some of the key industries that use our products are Food, Feed, Mining, Aluminum Extrusion, Nutrition, Paint, Polymer, Glass, Plastic, Cosmetics, Dyes & Pigments, Textile and Pharmaceutical and many more.

As a company, we have adopted state of the art technologies which enable us to manufacture and supply superior products to our customers that meet international quality standards.

Our major strengths include competitive pricing, timely deliveries, specialization in global trade, rich experience, excellent business capability, logistic channels, team of members with whole hearted working spirit, client net and sales channels that spread across the globe.

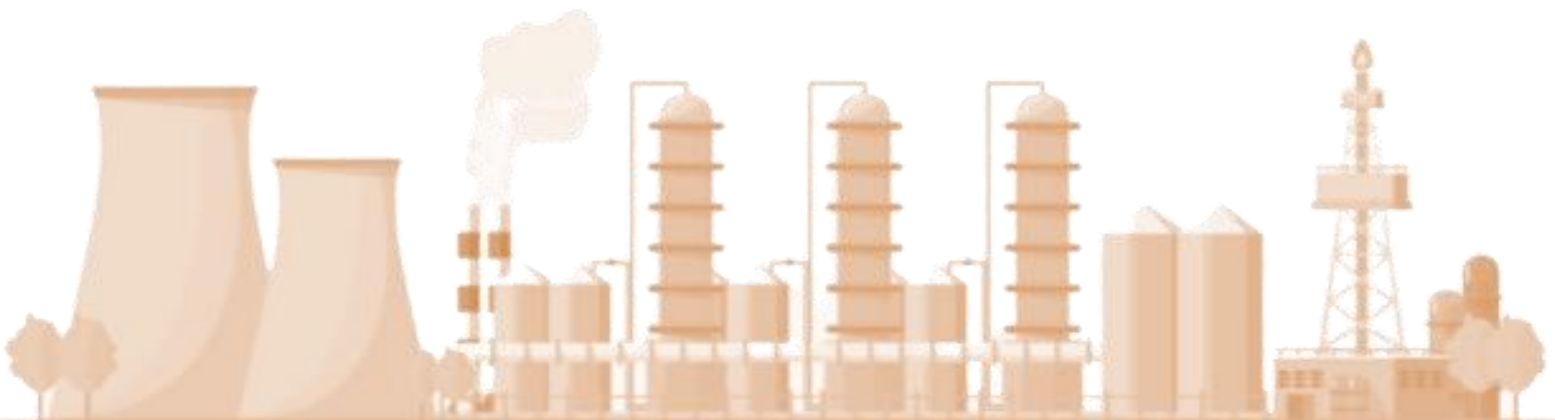

We hold certifications and registrations like *ISOs, GMP, FAMI-QS, HALAL, KOSHER*.

IGCC is also registered (Registration# 18733687282) with the *United States Food and Drug Administration in conformance with the United States with the Federal Food, Drugs and Cosmetic Act (FD&C)* and the subsequent amendments of the Public Health Security and Bioterrorism Preparedness and Response Act as well as the FDA Food Safety Modernization (FSMA).

We ensure that our customers/suppliers benefit from working with us as we hold a favorable credit worthiness, our registration with **Dun & Bradstreet (D-U-N-S®** Number 93-184-7762) is a testimony to this.

IGCC today, is a name that spells quality, honesty and trust. We are a transparent and ethical company always assisting our potential, prevailing partners and lenders learn about our business.

These years, we have been actively successful in building our reputation, goodwill and long-term business relationship of mutual benefits and wide approvals with our global clients and partners.

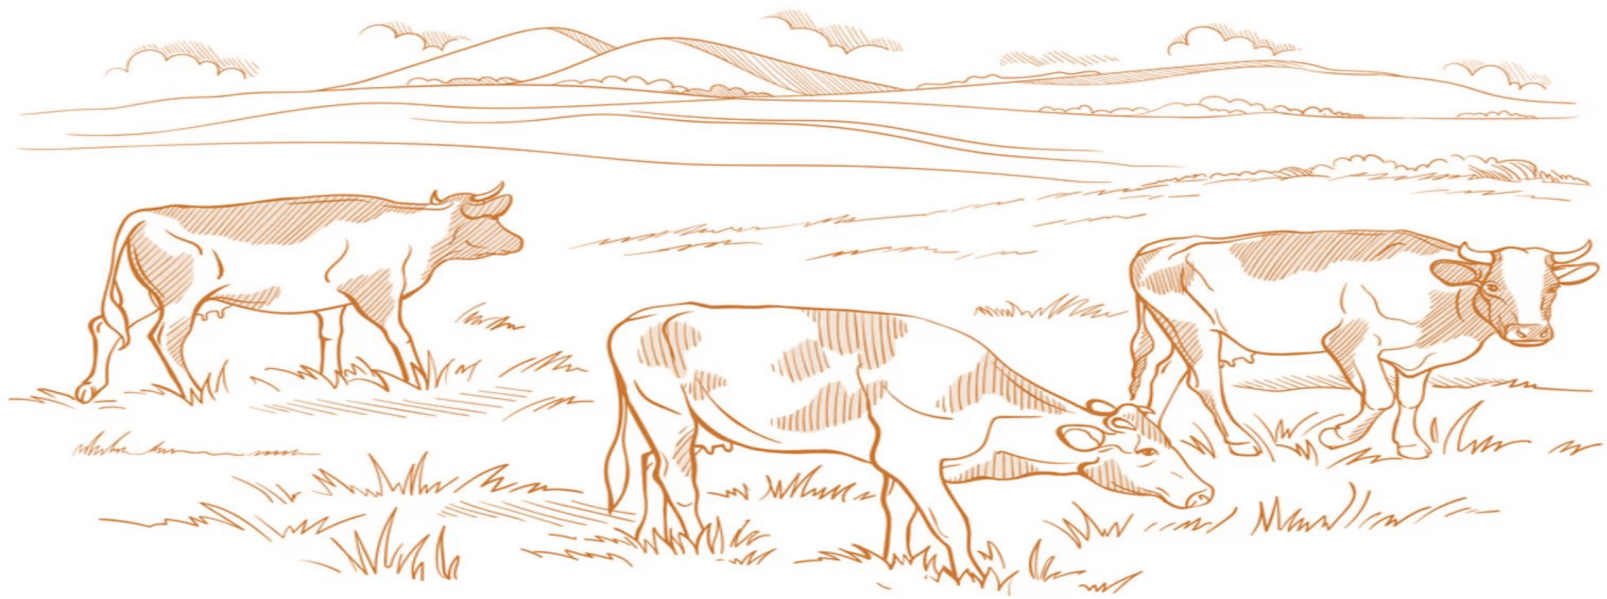

Range of Our Products - Feed Additives

IGCC has been a leading manufacturer, supplier and exporter of a wide range of feed additives, vitamins, minerals and premixes for all kinds of animals including cattle, pigs, poultry, fish, horses, dogs & cats.

The ranges of our **Feed Additives** include the following:

- Ammonium Chloride
- Arginine
- Betaine Anhydrous/HCL
- Biotin 2%
- Calcium D-Pantothenate (Vitamin B5)
- Calcium Iodate
- Cholecalciferol (Vitamin D3)
- Choline Chloride
- Chromium Picolinate
- Chromium Propionate
- Citric Acid
- Cobalt Carbonate
- Cobalt Sulphate
- Copper Oxide
- Copper Sulphate
- Customized Mineral & Vitamin Premixes
- Cyanocobalamin (Vitamin B12)
- Dicalcium Phosphate
- DL- α -Tocopherol Acetate (Vitamin E)
- Ethylenediamine Dihydriodide (79.5% Iodine)
- Ferrous Sulphate
- Folic Acid (Vitamin Folic Acid)
- Glycine
- Guar Gum
- Histidine
- Iodine
- Isoleucine
- Leucine
- Lysine
- Magnesium Oxide
- Magnesium Sulphate
- Manganese Oxide
- Manganese Sulphate
- MNB & MSB (Vitamin K3)
- Niacin (Vitamin B3)
- Potassium Iodate (59% Iodine)
- Potassium Iodide (76% Iodine)
- Potassium Iodide Stabilized
- Pyridoxine HCL (Vitamin B6)
- Retinyl Acetate (Vitamin A)
- Riboflavin (Vitamin B2)
- Sodium Molybdate
- Sodium Selenite
- Thiamine Mononitrate (Vitamin B1)
- Threonine
- Tri Calcium Phosphate (TCP)
- Tribasic Copper Chloride (TBCC)
- Tryptophan Granular/Powder
- Valine
- Xanthan Gum
- Zinc Oxide
- Zinc Sulphate

Range of Our Products - Specialty & Fine Chemicals

IGCC deals in specialty chemicals with a global footprint. We combine process chemistry competence with a scale up engineering competence for creating sustainable future. We have been dealing in agrochemicals, polymers, additives, Surfactants, pigments & dyes. The ranges of our *Specialty Chemicals* include the following:

Food Additives

- Acetic Acid
- Butyric Acid
- Caffeine
- Calcium Stearate
- Citric Acid
- Glycine
- Maltodextrin
- Potassium Ferrocyanide
- Potassium Iodate (59% Iodine)
- Potassium Iodide (76% Iodine)
- Sodium Ferrocyanide
- Sorbic Acid
- Tartaric Acid

Paint & Cosmetic Additives

- Potassium Persulphate
- Ammonium Persulphate
- Sodium Persulphate
- Aluminium Sulphate
- Titanium Dioxide
- Potassium Iodate
- Sodium Benzoate
- Cetyl Stearyl Alcohol 30-70
- Propylene Glycol
- Ammonium Hydroxide
- Sodium Metasilicate Anhydrous
- Oleic Acid
- Ceterath-25
- Liquid Paraffin
- Sodium Stearate
- Cetrimonium Chloride

Pharmaceutical Intermediates

- Sodium Iodate
- Xylenol
- Povidone Iodine (USP/BP/EP)
- Ammonium Chloride (USP/BP/EP)
- Sodium Iodide (USP/BP/EP)
- Glycine (USP/BP/EP)
- Methyl Iodide (MI)
- Zinc Carbonate
- Potassium Iodate (USP/BP/EP)
- Potassium Iodide (USP/BP/EP)
- Sodium Glycinate
- Pyridine
- Ferrous Glycine Sulphate

Other Specialty Chemicals

- Ortho-Phenyl Phenol (OPP)
- Lead Nitrate
- Copper/Cuprous Iodide
- Trimethylsilyl Iodide (TMSI)
- Sodium Perchlorate
- Ammonium Perchlorate
- Potassium Bromide
- Degasser
- Grafiner
- Fluxal
- Refrac
- Zircote - ZR
- Dilube
- Craft - N - Seal
- Shearal
- Hexachloroethane

Global Presence & Market Share

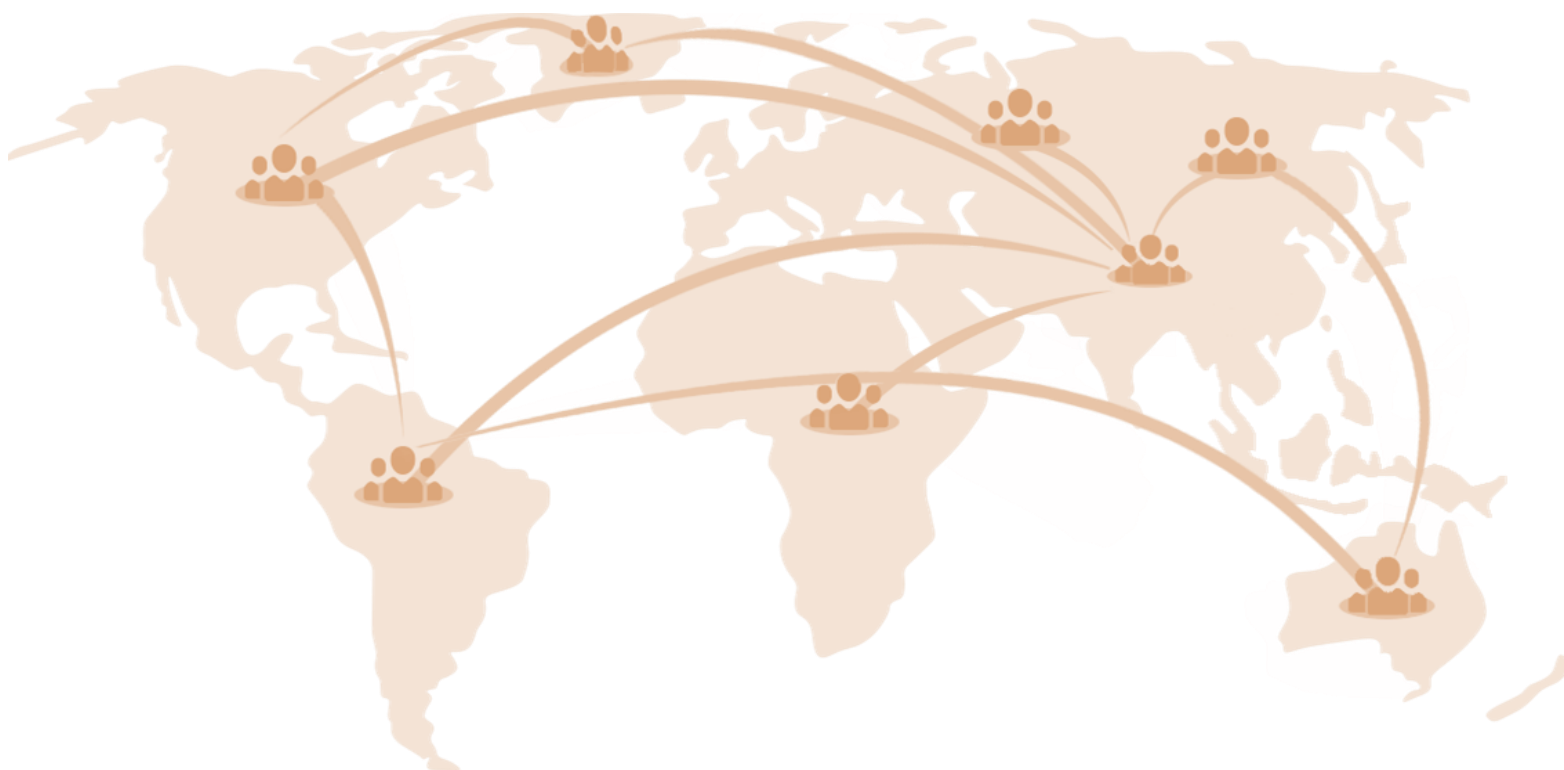

IGCC has customers and partners presence across the globe. At IGCC, we serve the global markets, solve global challenges and create global impact. We have been successful in continuously expanding our business around the world, based on level of innovative technology & competitiveness.

Addressing global demands is important to all of us. Achieving the necessary technology breakthroughs requires access to the best ideas, people and partners from around the world.

Our globally integrated network enables us to produce and reliably deliver refined products and chemicals which increase our resilience to market volatility.

IGCC's partnerships with global industry leaders, both domestically and internationally, provide opportunities for developing or acquiring new technologies, evolving new skills in our workforce, recruiting top talent and helping to strengthen our research capacity in areas aligned with our strategic business objectives. Our global operations and markets are served through subsidiaries, joint-venture and shareholding relationships with other international partners.

Our global sales & research network has facilities located in targeted innovation hubs in the following 37 countries apart from India including Afghanistan, Angola, Australia, Azerbaijan, Bangladesh, Brazil, Canada, China, Germany, Guatemala, Indonesia, Japan, Jordan, Korea, Lebanon, Malaysia, Mexico, New Zealand, Oman, Pakistan, Romania, Russia, Saudi Arabia, South Africa, Spain, State of Qatar, Tanzania, Thailand, Turkey, Uganda, Ukraine, Uruguay, Uzbekistan, United Arab Emirates, United Kingdom, United States of America, Venezuela & Vietnam.
